This year we want to make this

IMPORTANT technicalities

We have reserved camping pitches for our group. **Please read the following rules and guidelines, so you can prepare for your arrival:**

- Brioni Sunny Camping is a big campsite in pine forest, equipped with all necessary facilities
- we have reserved a camping area with mixed pitches, with and without electricity. We will have a minimum of 4 electricity lockers, so agree with your group to bring at least **one long electricity cable** as well as **power strip** so we can bring electric power to all parts of the camp and have enough plugs for all; if you are coming alone, don't worry, you will find your plug :)
- bring **cooking** facilities and camping equipment you will need; there is **no fridge or frigo box**, so you can bring a fridge if you think you will need it
- **DOGS are allowed** and there is a dog beach nearby. Please have in mind it is a big campsite and they are not allowed to walk freely around the camp. Also, **please keep you dog on leash during training sessions**
- if you wish to **arrive a day earlier**, it is possible, just mark it in the application form.

Inside the camp there is a market, bread kiosk, restaurant and fast food. Pula is a big city so it has big supermarkets with all you might need. We recommend you make bigger food supplies in bigger stores as they are much cheaper with bigger offer.

And finally, from campsite beach you can walk all the way to city of **Fažana**, it is one hour walk along the seaside path; on the way are many bars, restaurants and cafe's. In Fažana you can find big Plodine supermarket, smaller Plus market and some local stores as well as gas station and ATMs.

Please apply before **June 25.th**. After this date we will finalize pitches number and after that we can not guarantee the price listed nor space availability.

Please apply even if you only wish to attend workshops and don't plan to stay in the camp, as there might be a limited number of workshop attendants (depending on Covid restrictions at the time of the event).
